Making Practice Fun.mp4 Students have studied number patterns before Algebra 2 and in this unit they learn to use algebraic representations for these patterns. This first lesson is specifically designed to connect our study of sequences and series to what they already know about functions and number patterns.

Making Practice Fun is a series of black line masters for teachers to copy and use in the classroom. The masters allow algebra drill for students. As answers are in puzzle form, they are readily visible by the students only if their answers are correct. This allows the teacher to focus on the student who is unable to get the right answer.
