NHI allows text in the PW. When a reference manual is required and used in class, it should contain most detailed text; however, without a reference manual, the workbook will be more valuable as a job resource if it includes enough detail to provide guidance and clarification of bulleted items on slides.

"The NCBI Style Guide" is geared toward helping people produce NCBI websites and Bookshelf content by providing specific examples of uses typical to NCBI. There are portions of "The NCBI Style Guide" that provide advice on technical writing in general, as well as a list of other suggested style guides that may be helpful to people producing content to be published elsewhere.

The NCBI Style Guide - NCBI Bookshelf

Most style guides include format guidance for citations and all formats are acceptable. SciENcv, a tool to prepare biosketches for NH and other agencies, uses a standard format used by the National Library of Medicine (see Citing Medicine). If your organization does not already have a standard, you may want to consider this one.
