### Omar Khayyam

Born Ghiyath al-Din Abu'l-Fath Umar ibn Ibrahim Al-Nisaburi al-Khayyami, the 11th-century Persian poet, astronomer, and mathematician Omar Khayyam was raised in the town of Nishapur in present-day northern Iran. He is thought to have been the son of tent makers, as al-khayyami translates to "tent maker." As a child he studied first with the scholar Sheik Muhammad Mansuri in the town of ...

### Omar Khayaam | Poetry Foundation

Omar Khayyam (18 May 1048 – 4 December 1131) was Persian polymath: philosopher, mathematician, astronomer and poet. He also wrote treatises on mechanics, geography, mineralogy, music, and Islamic theology. He is best known for his epic work of poetry. – the Rubaiyat of Omar Khayyam
