You probably think you know what type of reader you are. This quiz will let you know, definitively, what type you are. Of course, we're all a mix of readers, for example, I read *The Girl on the Train* in 2 days, while *Lolita* took me over a month. Thus I am simultaneously a speed reader and a slow reader.

RADAR tuning forks are specially calibrated for use with RADAR devices. External tuning fork test checks the ability of the antenna and counting unit to properly process and display a simulated target speed. A low speed and high speed tuning fork should be used. The measured speed can not differ from the fork's certified value by more than 1 MPH.
