[PDF] Research Methods For Business Download Full - PDF ...

According to Uma Sekaran in Research Method for Business 4th Edition, Roscoe (1975) proposed the rules of thumb for determining sample size where sample size larger than 30 and less than 500 are appropriate for most research, and the minimum size of sample should be 30% of the population. The size of the sample depends on a number of factors and the researchers have to give the statistically information before they can get an answer.
